MICHIGAN ENGINEERING ONLINE

Hello,

I noticed that you have an un-submitted application for our online graduate programs, we just wanted to remind you of the upcoming **final deadline** for the fall 2026 semester which is **June 15**.

For international students you can apply as an online student for this semester as the on-campus deadline has passed. Domestic students can apply to be either online or on-campus for this semester. We are looking forward to reviewing your application!

Details on the required application materials and the admissions process can be found on our **admissions page.** If you have any questions, please let me know.

To continue your application, please log in here.
